August 24, 2020

To All Concerned:

The Stroud Public Schools were notified this morning of a second grade student who was identified as having a positive test for COVID-19. The second grade class and all identified staff members have been placed on a fourteen-day quarantine upon this notification. Additionally bus riders identified as having been in contact on bus fourteen have been added to the fourteen-day quarantine list. This includes students in the middle school and the high school.

We will be contacting parents about specific details regarding the end point of the quarantine as well as other pertinent information. Students in quarantine should be able to continue their academic instruction through our digital offerings in a virtual approach at this time.

Thank you for your time and consideration,

Joe L. Van Tuyl
Superintendent
