March 24, 2020

Dear School Patrons:

Information is public about the likely onsite closings of our schools for instruction and extracurricular activities for the remainder of the year. We believe this will be finalized by the State Board of Education on Wednesday. We are currently planning for a Continuous Learning Plan for our students to complete the school year. This will be produced with some guidance from the State Department of Education as we use our best resources and judgement for all of our stakeholders. It is our desire to produce a very high quality education for our students that likely will have several formats to meet their needs. Some of this may be produced using technology and some by traditional methods of delivery. Those will be performed off school grounds at your homes as we now understand the plan. We understand that not all students have digital access at home and also that a traditional delivery of education may be the best for some of our educational needs.

Our preparations started last week and are continuing. You will have some questions that we may not be able to answer at this time. Please provide some time for us to make many arrangements here. We are well positioned as a school district to achieve at a high level.

We will have more information soon. April 6th is the target date to start this process for students. Our process is in motion and aggressive at this time.

Thank you for your time and consideration.

Sincerely,

Joe L. Van Tuyl  
Superintendent of Schools
