COVID-19 Quarantine Information

Currently the Stroud Schools has an additional staff member quarantined due to close contact outside of school and an additional five staff members quarantined due to close contact at school. One additional staff member is quarantined due to a positive test result

The staff member quarantines involve several bus drivers and one group of bus riders who are being quarantined. All identified riders have been notified at this time. We will update this list and provide additional notifications as necessary.

Due to the current quarantine of five of our route drivers, we have an inability to run those routes starting next week due to a low availability of substitute bus drivers. We have made arrangements to run four of the five routes this afternoon to deliver those students home. The fifth route is the quarantined route. Parents will need to make arrangements for transport of students on the following routes for up to the next fourteen days. We will provide exact dates for the resumption of those routes as soon as we are able to determine the exact length of each quarantine.

Bus Routes Suspended Starting Tuesday, January 19, 2020

- #1
- #11
- #13
- #14

We will provide more information as soon as we can produce it in a valid manner.

One reminder for all patrons is that Monday, January 18th is our Martin Luther King Professional Day and students will not be onsite at any campus.

Thank you for your time and consideration.
