Superintendent

July 14, 2020

Dear School Patrons:

Monday night, the Stroud Board of Education adopted a blended learning model of instruction for the 2020-2021 school year. This approach allows for distance/virtual instruction and traditional onsite instruction for our students at all grade levels. This action was taken to allow a high degree of flexibility for students and parents in managing their education pursuits this year. We will be announcing more details very soon for this model. We have taken into consideration the many and varied goals of our school patrons to allow the greatest opportunities possible.

There will be many questions as we move forward. As always, the partnership we have between the school and parents is a most valuable tool for the success of stakeholders in all areas of our process. We look forward to working toward successful outcomes across our entire school community.

Have great days,

Joe L. Van Tuyl
Superintendent
