Please pull through the bus lane. We will have someone stopping you and getting the names of all your children. They will ask you a question and then direct you through the bus lane. While you move forward materials for all your children will be placed on a table at the front entrance. Don't pull forward until the person has moved back from the table. We ask that you pull close to the table so you don't have to leave your car. This will help speed up the process. The only other thing is we ask for your patience. Thank You.
